Qualified Opinion

We have audited the accompanying statement of quarterly and year to date standalone annual financial results of White Organic Retail Limited (hereinafter referred to as the "Company") for the quarter and for the year ended March 31, 2024 ("Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the Security and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the statement:

- Is presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- Except for the possible effects of the matters described in the basis for qualified opinion paragraph below gives a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards, and other accounting principles generally accepted in India, of the net profit and other financial information of the company for the quarter and for the year ended March 31, 2024.

Basis for Qualified Opinion

- We draw your attention to Note 10 of the Standalone Financial Statements, which states that White Organic Retail Limited ("WORL" or "Company") had carried trades in previous financial periods on a back-to-back payment basis. Under such past period trades, it has not received payments from various debtors wherein the Company has taken a decision to not pay the creditors and loans availed for such trades. The company has written off its debtors and inter corporate deposits to the tune of INR 216.26 crores and further written back creditors and loans payable to the tune of INR 199.97 crores during the Financial Year 2023-24. However, we have not been able to perform any verification and confirmation procedures to validate the authenticity of the internal settlement transactions. Accordingly, we are unable to comment on above settlement and the consequential legal impact on the demand if any raised from creditors and lenders going forward on the Standalone Financial Statements.
- According to the SA 505 "External Confirmation" and SA 501 "Audit Evidence" issued by the ICAI, balances with respect to trade receivables, trade payables, Inter corporate deposits for validating outstanding balances during the year are subject to confirmation. Accordingly, we have sent a total of 16 confirmation for confirming closing balances amounting to INR 469.19 crores as on 31st March 2024 (pre write off and write back) and to validate the one-time settlement. However, we have not received sufficient and appropriate confirmation from All parties for confirming balances and transactions amounting to INR 469.19 crores. Hence, we are unable to comment on the completeness and valuation of these balances in respect of the year ended March 31, 2024.
- According to the information and explanation given to us and based on the audit, the company has advanced significant balances as trade advances amounting to INR 11.99 crores to related parties against which no stock/ services has been received from the counterparties till May 28th, 2024. These advances can be construed as being in the nature of loans and attract non compliances under Companies Act 2013 since no approvals have been obtained in relation to the same.
- According to the SA 505 "External Confirmation" and SA 501 "Audit Evidence" issued by the ICAI, balances with respect to banks for validating outstanding balances during the year are subject to confirmation. Accordingly, we have sent a total of 7 bank confirmations for confirming closing balances amounting to INR 92,856.83/- as on March 31, 2024. However, we have not received sufficient and appropriate confirmation from 7 banks for confirming balances amounting to INR 92,856.83/-. Hence, we are unable to comment on the completeness of these balances in respect of the year ended March 31, 2024.

**INDEPENDENT AUDITORS' REPORT
TO THE BOARD OF DIRECTORS OF WHITE ORGANIC RETAIL LIMITED**

Report on the audit of the Standalone Annual Financial Results

5. According to the SA 501 "Audit Evidence" issued by the ICAI, balances with respect to banks for validating outstanding balances during the year are subject to confirmation. Accordingly, we have not received bank statements of 5 bank accounts to validate the transactions conducted in the same and having closing balances amounting to INR 92,856.83/- as on March 31, 2024 as per Books of accounts. Hence, we are unable to comment on the completeness and valuation of these transactions and balances in respect of the year ended March 31, 2024.
6. We draw your attention to Note 09 of the Standalone Financial Statements, which states that the Company has written off Inventory of INR 0.15 Crores in the Standalone Financial Statements in the month of June 2023. The Management has represented that the same is on account of obsolete and expired stock items related to the Agro Segment which have been scrapped in June 2023. We were unable to conduct any physical verification procedures to validate the inventory and the Company to validate and substantiate the obsolescence of such stock item and validate that the inventory is not marketable. Hence, we are unable to express any opinion on such write off.
7. The Company has made purchases during the previous period with creditors as on March 31, 2024 to whom payments are outstanding for a period of over 180 days. Further Rule 37 of CGST Rule 2017 says that Input Tax Credit may be reversed (or amount added to output liability) in the return for the month immediately following 180 days. Interest must be paid at the rate of 18% from the date of taking credit to the date on which reversal (or added to output liability). However, the Company has not reversed GST to the tune of INR 0.33 crores on such credit balances.
8. The company did not have an effective interface and systems in places related to various functional software of Sales/Revenue, Inventory Management, accounting software and other key areas of the organization resulting in accounting entries and inventory registers being made manually on for the year ended March 31, 2024, which might lead to risk of misstatement.
9. The Company has not taken into consideration the implication of additions on account of Section 43B(h) of the Income Tax Act specifically covers any sum payable by the assesses to micro or small enterprises (MSEs). This section ensures that MSEs receive timely payments within the stipulated time as determined by the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006 hence we are unable to comment on the impact of the same on the income tax provision
10. The Company had purchased an intangible asset for technical fees during the financial year FY 22-23 for a project to be implemented, however the same as per the Management explanation the same could not be materialized and the Company has decided to write off the entire asset. We have not been able to validate the value and authenticity of the intangible asset and neither verify the use case for the same. Hence, we are unable to form an opinion on such transaction.

Material Uncertainty Related to Going Concern

The Company has incurred a net Profit of ₹4.18 crore during the year ended March 31, 2024 which is on account of write back transactions of creditors. The Company has further not been able to realize the debtors to the tune of INR 216.26 crores and written back creditors to the tune of INR 199.97 crores. Further the company also has unpaid income tax liability to the tune of INR 3.18 crores including interest outstanding since last 2 year which the Company has not been able to service. The Company has not developed any business during the current financial year which gives any new sign of payment of such previous outstanding liabilities. The above factors indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, based on ongoing discussion with the new lenders and revised business plans, management is of the view that going concern basis of accounting is appropriate for preparation of the accompanying Statement. Our opinion is not modified in respect of this matter.

Qualified Opinion

We have audited the accompanying statement of consolidated annual financial results of White organic Retail Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), for the quarter and for the year ended March 31, 2024, attached herewith, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('Listing Regulations').

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate audited financial statements / financial results of the subsidiaries, the aforesaid consolidated annual financial results:

- a. includes the annual financial results of the following entities:
 - White organic snacks Limited
- b. are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- c. except for the possible effects of the matters described in the basis for qualified opinion paragraph below, gives a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards, and other accounting principles generally accepted in India, of consolidated net profit and other comprehensive income and other financial information of the Group for the year ended March 31, 2024.

Basis for Qualified Opinion

1. We draw your attention to Note 10 of the Consolidated Financial Statements, which states that White Organic Retail Limited ("WORL" or "Company") had carried trades in previous financial periods on a back-to-back payment basis. Under such past period trades, it has not received payments from various debtors wherein the Company has taken a decision to not pay the creditors and loans availed for such trades. The company has written off its debtors and inter corporate deposits to the tune of INR 216.26 crores and further written back creditors and loans payable to the tune of INR 199.97 crores during the Financial Year 2023-24. However, we have not been able to perform any verification and confirmation procedures to validate the authenticity of the internal settlement transactions. Accordingly, we are unable to comment on above settlement and the consequential legal impact on the demand if any raised from creditors and lenders going forward on the Consolidated Financial Statements.
2. According to the SA 505 "External Confirmation" and SA 501 "Audit Evidence" issued by the ICAI, balances with respect to trade receivables, trade payables, Inter corporate deposits for validating outstanding balances during the year are subject to confirmation. Accordingly, we have sent a total of 16 confirmation for confirming closing balances amounting to INR 469.19 crores as on 31st March 2024 (pre write off and write back) and to validate the one-time settlement. However, we have not received sufficient and appropriate confirmation from All parties for confirming balances and transactions amounting to INR 469.19 crores. Hence, we are unable to comment on the completeness and valuation of these balances in respect of the year ended March 31, 2024.

**INDEPENDENT AUDITORS' REPORT
TO THE BOARD OF DIRECTORS OF WHITE ORGANIC RETAIL LIMITED**

Report on the audit of the Consolidated Annual Financial Results

3. According to the information and explanation given to us and based on the audit, the company has advanced significant balances as trade advances amounting to INR 11.99 crores to related parties against which no stock/ services has been received from the counterparties till May 28th, 2024. These advances can be construed as being in the nature of loans and attract non compliances under Companies Act 2013 since no approvals have been obtained in relation to the same.
4. According to the SA 505 "External Confirmation" and SA 501 "Audit Evidence" issued by the ICAI, balances with respect to banks for validating outstanding balances during the year are subject to confirmation. Accordingly, we have sent a total of 7 bank confirmations for confirming closing balances amounting to INR 92,856.83/- as on March 31, 2024. However, we have not received sufficient and appropriate confirmation from 7 banks for confirming balances amounting to INR 92,856.83/-. Hence, we are unable to comment on the completeness of these balances in respect of the year ended March 31, 2024.
5. According to the SA 501 "Audit Evidence" issued by the ICAI, balances with respect to banks for validating outstanding balances during the year are subject to confirmation. Accordingly, we have not received bank statements of 5 bank accounts to validate the transactions conducted in the same and having closing balances amounting to INR 92,856.83/- as on March 31, 2024 as per Books of accounts. Hence, we are unable to comment on the completeness and valuation of these transactions and balances in respect of the year ended March 31, 2024.
6. We draw your attention to Note 09 of the Consolidated Financial Statements, which states that the Company has written off Inventory of INR 0.15 Crores in the Consolidated Financial Statements in the month of June 2023. The Management has represented that the same is on account of obsolete and expired stock items related to the Agro Segment which have been scrapped in June 2023. We were unable to conduct any physical verification procedures to validate the inventory and the Company to validate and substantiate the obsolescence of such stock item and validate that the inventory is not marketable. Hence, we are unable to express any opinion on such write off.
7. The Company has made purchases during the previous period with creditors as on March 31, 2024 to whom payments are outstanding for a period of over 180 days. Further Rule 37 of CGST Rule 2017 says that Input Tax Credit may be reversed (or amount added to output liability) in the return for the month immediately following 180 days. Interest must be paid at the rate of 18% from the date of taking credit to the date on which reversal (or added to output liability). However, the Company has not reversed GST to the tune of INR 0.33 crores on such credit balances.
8. The company did not have an effective interface and systems in places related to various functional software of Sales/Revenue, Inventory Management, accounting software and other key areas of the organization resulting in accounting entries and inventory registers being made manually on for the year ended March 31, 2024, which might lead to risk of misstatement.
9. The Company has not taken into consideration the implication of additions on account of Section 43B(h) of the Income Tax Act specifically covers any sum payable by the assesses to micro or small enterprises (MSEs). This section ensures that MSEs receive timely payments within the stipulated time as determined by the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006 hence we are unable to comment on the impact of the same on the income tax provision
10. The Company had purchased an intangible asset for technical fees during the financial year FY 22-23 for a project to be implemented, however the same as per the Management explanation the same could not be materialized and the Company has decided to write off the entire asset. We have not been able to validate the value and authenticity of the intangible asset and neither verify the use case for the same. Hence, we are unable to form an opinion on such transaction.

Report on the audit of the Consolidated Annual Financial Results

Material Uncertainty Related to Going Concern

The Company has incurred a net Profit of ₹4.18 crore during the year ended March 31, 2024 which is on account of write back transactions of creditors. The Company has further not been able to realize the debtors to the tune of INR 216.26 crores and written back creditors to the tune of INR 199.97 crores. Further the company also has unpaid income tax liability to the tune of INR 3.18 crores including interest outstanding since last 2 year which the Company has not been able to service. The Company has not developed any business during the current financial year which gives any new sign of payment of such previous outstanding liabilities. The above factors indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, based on ongoing discussion with the new lenders and revised business plans, management is of the view that going concern basis of accounting is appropriate for preparation of the accompanying Statement. Our opinion is not modified in respect of this matter.

Emphasis Of Matter:

1. We draw your attention to Note 06; of the Consolidated Financial Statements, which states that the Company is carrying significant balances as trade and other receivables including amounts outstanding from earlier accounting periods as on March 31, 2024. Further the Company has created a net expected credit loss provision to the tune of INR 4.36 Crores during the Financial year in relation to recoverability of such debts after assessing the impact and status of such receivables with reference to the ageing profile, historical payment pattern, and the past record of the customer/ vendor.
2. We draw your attention to Note 07 of the Consolidated Financial Statements that the company has not yet paid Self-Assessment Income Tax dues in relation to FY 21-22 as of May 28, 2024.
3. We draw your attention to Note 08 of the Consolidated Financial Statements that the Company has not yet paid the statutory dues as on March 31, 2024 to the tune of over INR 4.11 crores consisting of Self-Assessment Income Tax Gross of INR 2.52 crores and interest payable INR 1.06 Crore, Professional Tax , Tax Deducted at Source Gross of INR 0.42 crore and interest payable INR 0.09 crore and GST payable on RCM basis amount of INR 0.06 crore.

Our opinion is not modified in respect of the above matters as stated under Emphasis Of Matter

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as ongoing concern.
